* A considerable number of worn out or otherwise useless books were weeded out during these two years. For 1865 and subsequent years, the number of books stated, is that contained in the Library at the time of the annual examination which takes place in the first week of May, in each year.

† For this and following years the average number of subscribers is ascertained from the actual amount of subscriptions received, instead of being estimated, as formerly; there is, therefore, a considerable apparent falling off, chiefly due to the above mentioned cause.

* For six months, to 30th June, 1865.

† For six months to 31st December, 1865. ‡ Five new Institutes, no return received.

¶ Three of these have been formed within the year. There are also three of the existing Institutes from which returns have not yet been received, and three new ones which have been established since July 1, 1863, as well as two which are at present dormant, or nearly so. In addition to the above there are two Institutes not at present affiliated to the South Australian Institute; making the total number in the Province thirty-seven, of which, thirty-five are in active operation.

** In addition to the above, seven Institutes have been affiliated to the South Australian Institute during 1864, for which returns cannot at present be given; one is making application to be affiliated, and two are believed to be in existence, although not now connected with the South Australian Institute, making a total number of forty-three in operation in the Province. There are also several others in a dormant state, of which it is not necessary to take account.

†† In addition to the above, one Institute has been affiliated to the South Australian Institute during the year, for which returns cannot be given, one is seeking to be affiliated, and two others are believed to be in existence, though not connected with the South Australian Institute, making a total of forty-three at present in existence.

‡‡ In addition to the above, two Institutes have been affiliated to the South Australian Institute during the year, for which returns cannot be given, and three others are believed to be in existence, making a total of forty-three. The return of annual income is necessarily larger this year, on account of the Fancy Fair held by the Gawler Institute, in aid of its building fund.

‖‖ In addition to the above, five new Institutes have been affiliated to the South Australian Institute since July 1st, 1867, for which no returns could be given; one Institute included above has temporarily suspended operations since July 1st, 1867, and there is believed to be one Institute not in connection with the South Australian Institute—making a total of forty-eight Institutes in operation in the Province.

¶ ¶ Four new Institutes have been affiliated to the South Australian Institute since July 1st, 1868, making a total at the present time of forty-nine.

*** Five Institutes have been affiliated to the South Australian Institute since July 1, 1869, and one has become extinct, making a total at the present time of fifty-two.

††† This item is specially larger on account of considerable amounts having been raised by several Institutes for building purposes to meet special votes.

a Six Institutes have been affiliated to the South Australian Institute since July 1, 1870, and two dormant ones have been re-opened; one of the newly formed ones is about being closed, the actual number in operation, therefore, is fifty-nine.

b Three new Institutes have been affiliated since July 1, 1871; and two, which have been dormant during the year, have been re-opened—making the total number in operation at the present time, sixty-two.

c Four new Institutes have been affiliated, and one has been re-opened since July 1st, 1872; and one has been closed, making a total at the present time of sixty-five.

ROBERT KAY, Secretary South Australian Institute.
